Susu Hu

susu.hu@outlook.com | Dresden, Germany | susuhu.github.io/intro

CURRENT POSITION

National Center for Tumour Disease, Dresden, Germany

Doctoral Student 2023 - *Present*

- Geometry machine learning for surgical outcome prediction

EDUCATION

Dresden University of Technology, Dresden, Germany

Computational Modelling and Simulation, Master of Science *2019 - 2023*

- Areas of concentration: machine learning, computer vision, stochastic and probabilities, statistics, data visualisation
- Master thesis: Deep neural fields for non-rigid 3D reconstruction and registration

Nanjing Agricultural University, *China*

Logistics Engineering, Bachelor of Science *2009 - 2013*

- Areas of concentration: computer science, natural science and engineering basics

PROFESSIONAL EXPERIENCE

National Center for Tumour Disease, Dresden, Germany

3D Deep Learning, Research Assistant *2022 - 2023*

- weakly supervised CT images segmentation

Fraunhofer IPA, Stuttgart, Germany

2D/3D Signal Processing, Research Assistant *2022*

- Active learning and one-shot object tracking

Fraunhofer IPMS, Dresden, Germany

Neural Network Quantization, Research Assistant *2021 - 2022*

- Intra-layer mixed quantization in convolutional neural networks

Robotron Datenbank, Dresden, Germany

Software Developer, Working Student *2021 - 2022*

- Real-time multi-object tracking for industrial application

AWARDS

Excellent students in artificial intelligence, *The School of Embedded Composite Artificial Intelligence* *2023*

Merit student scholarship, *Nanjing Agricultural University* *2010*
